3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tender should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 100, in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for Restoring the Dimba Tank R. No. 609 of Kolar Taluk," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

An approximate estimate of quantities for restoring the Dimba Tank, Registered No. 609 of Kolar Taluk.

V. V. KARVE,
Offg. Executive Engineer.

TUMKUR DIVISION.

Dated 18th January 1918.

Notice is hereby given that sealed tenders will be received at the office of the Executive Engineer, Tumkur Division, up to 15th February 1918, for improving the breached Pothaganahalli Tank, R. No. 196 A, Tumkur Taluk. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of June 1920.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's office at Tumkur between the hours of 11 A.M. to 5 P.M. except Sunday and holidays.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 350 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for Improving the breached Pothaganahalli Tank" in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

N. G. KRISHNA IYENGAR,
Executive Engineer.

MYSORE DIVISION.

Notice dated 4th January 1918.

AUCTION SALE OF RATTAN MATS.

1. Notice is hereby given that rattan mats used for the flooring at the Public Offices, Mysore, (approximate quantity 13,000 square feet) will be sold in public auction commencing at 8 A.M., on Sunday the 27th January 1918.

2. The mats will have to be removed from the different office blocks by the approved bidder. The auction will be conducted by the Executive Engineer or by some other officer deputed by him for the purpose.

3. The mats can be inspected during office hours in the several office blocks of the Public office buildings at Mysore.

4. One-fourth of the purchase money should be paid at the time of auction and the remaining before the removal of materials.

N. B.—It may be noted that there is a Government bidding of three pies per square foot already.

Y. ASWATHANARAYANA RAO,
Executive Engineer.
